

PortaPros Expands Presence in McCall & Donnelly with Acquisition of J & R Septic Services

Donnelly, ID — October 2025 — PortaPros, a locally owned leader in portable sanitation and temporary fencing solutions across Idaho and Eastern Oregon, is pleased to announce the acquisition of J & R Septic's portable sanitation operations are strengthening service coverage in McCall, Donnelly, and the surrounding Valley County communities.

This transition was intentionally and collaboratively developed between the ownership teams of both organizations, rooted in a shared commitment to quality service, strong relationships, and responsible stewardship within the portable sanitation industry. The decision reflects a mutual desire to ensure customers continue to receive dependable, locally supported service while allowing each organization to focus on what it does best moving forward.

Focused Collaboration for a Seamless Transition

To support a smooth and thoughtful transition, PortaPros and J & R Septic have elected to work alongside one another at the J & R location for an undetermined period of time. This collaborative approach allows both teams to align operationally, maintain continuity for customers, and ensure clear communication throughout the transition process.

Customers served through this transition can expect consistency, reliability, and a coordinated path forward, with both organizations prioritizing service quality and long-standing customer relationships.

A Values-Aligned Decision

J & R Septic was deliberate in selecting a partner that aligned with its values and standards. Their ownership team sought an organization with a strong reputation, a commitment to doing the right thing, and the operational capability to properly care for their customers. PortaPros was selected based on shared values, a people-first culture, and a demonstrated dedication to quality service and accountability.

This acquisition is not about replacing relationships, but about preserving them through thoughtful alignment and collaboration.

A Values-Aligned Decision

Through this transition, PortaPros will continue serving the McCall and Donnelly areas with portable sanitation solutions for construction projects, events, agriculture, and long-term rentals. The expanded capacity supports continued service reliability while respecting the foundation established by J & R Septic within the community.
