

## PortaPros Blazes a Trail in Healthcare Accessibility for the Portable Sanitation Industry

**Nampa, ID, January 2025** – Determined to redefine what healthcare instead of health insurance can look like in our industry, PortaPros is proud to announce a groundbreaking partnership with Savvos Health, Appleton Clinics, and other providers. This visionary move offers a low-cost, zero-copay healthcare benefit to our team, going beyond traditional insurance to provide genuine, no-barrier care that puts our employees' well-being at the forefront.

*“In 2023, we surveyed our employees and found retirement, health insurance, and prescription costs were their top concerns,” says **Keith Spencer, Head of HR & Administration**. “Carl and I spent 2024 researching better solutions. At the Free Market Medical Association conference in Oklahoma City, I discovered companies that are rethinking healthcare—not just insurance. Organizations like Green Imaging, Savvos, DisclosedRx, RevoltHealthcare, TrueScripts, and Nice opened our eyes to new possibilities.”*

*“Then, at RosettaFest in Washington, D.C., we learned even more about building a forward-thinking healthcare plan from leaders like Dave Chase and Health Rosetta.”*

### Introducing a New Era of Healthcare with Our Healthcare Partners

PortaPros is partnering with [Savvos Health](#), [Appleton](#), and other healthcare partners is **to provide a premium healthcare platform at \$0 cost** to our employees. This innovative benefit eliminates out-of-pocket expenses for outpatient procedures, ensuring high-quality, personalized care.

## Key Benefits of the Improved Health Partners for PortaPros Employees

- **Free Surgeries, Imaging & More:** Employees can access high-quality providers—at zero cost—for surgeries, imaging, colonoscopies, endoscopies, and more.
- **A Better Healthcare Experience:** Savvos' concierge team manages everything, from finding affordable providers to scheduling care and handling payments.
- **Cash Pay Marketplace:** Employees also get free access to the nation's largest cash-pay marketplace, featuring exclusive pricing for medical procedures nationwide.
- **Direct Primary Care (DPC):** Enrolled employees can see an Appleton provider for zero out-of-pocket costs. The visits are 30 to 50 minutes and can be on the same day if needed. Any labs and most prescriptions are completed in-house at zero cost to the patient.

*"I scheduled a meet-and-greet and physical at the same time. Booking was effortless—they just looked up my name and set an appointment that worked for me,"* says **Oralia Rios, Inside Sales Supervisor**. *"Everyone was friendly and took the time to listen. I got blood work, a blood pressure monitor to take home, and my prescription filled—ready to go. The entire experience was seamless."*

*"I went to refill a prescription I usually paid \$12 for each month,"* adds **Aric Roddy, Inside Sales Representative**. *"After presenting my new insurance card, I got a three-month supply at no cost."*

## Strengthening Partnerships in Healthcare

This transformation wouldn't be possible without the forward-thinking guidance and relationships PortaPros has built within the healthcare community. We're grateful to partners like **Green Imaging, James Perkins at [Advanced Benefits](#)** (now part of [Alliant](#)), **H2B**, and many others who shared their expertise, helping us shape an affordable, high-quality healthcare solution.

## About Appleton Clinics

**Appleton Clinics** believes this is the way family healthcare should be: hassle-free, personal, and centered on you. Our board-certified family physicians are just a call, text, or visit away—no office co-pays, no insurance billing, and never any cancellation fees. With a corporate membership, labs, prescriptions, and kids (under the age of 26) are included free with membership. Individual memberships also enjoy wholesale pricing on labs, prescriptions, and more through our in-house pharmacy. Join Appleton Clinics and discover a refreshingly modern approach to primary care—simple, transparent, and built around your life.

## About Savvos Health

**Savvos Health** is revolutionizing the industry with the nation's largest marketplace for affordable cash prices on shoppable medical care, including imaging, outpatient surgery, labs, and more. Their real-time platform connects patients, payors, and providers to simplify scheduling, approvals, and payments—eliminating the need for traditional networks or direct contracts. By championing cash-pay pricing, Savvos leads the charge toward the future of mainstream healthcare.

*“We got passionate as we learned what was possible beyond the status quo,” explains **Carl Arriola, Owner of PortaPros**. “From timely access to care and straightforward prescription options to major procedures, we discovered better resources for our people. That’s why we chose a self-insured model. This bold step forward supports our mission to take care of our people, build a thriving culture, and drive meaningful retention.”*

## Join Us in This Healthcare Revolution!

At PortaPros, we don't just talk about caring for our team—we invest in solutions that change the game. We're thrilled to champion this innovative, cost-free approach to healthcare and continue leading the way in redefining employee well-being in the portable sanitation industry.
